

**Consent to receive text/email messages from Grange Clinic**

- Text/email messaging can be a convenient way for you to be informed about your results or appointments in a timely manner
- If you would like us to be able to contact you by text/email message please read the points below and sign this consent form. We will keep this consent scanned on your file
- Text/email messaging is not secure
- Your GP may text/email medical information
- Please password protect your phone
- Please read and then delete any texts/email from your GP when you have read them
- I confirm that I will advise my GP if I change my mobile number

I have read and understood the above points and I consent to receive text/email messages from Grange Clinic regarding:

- Test results
- Appointment reminders
- Information relating to rare issues of major national health concern, eg. Infection outbreak, cervical check controversy

Note: this will not be used for marketing reasons

Date: \_\_\_\_\_

Phone No.: \_\_\_\_\_

For GP/ Nurse only:

- I have ticked both boxes in patient demographics page (if patient consents to text/email re test results and appointments)
- I have noted refusal of consent to texts/emails in patient's file in a reminder and a note in social history section (if patient refuses consent to texts/emails or partially refuses consent to texts/emails for test results or appointments)
